Highlights

Compact and stylish

Compact and stylish, the Syntia coffee machine is designed to delight both your palate and your eyes - the perfect fit for a modern kitchen.

Espresso and long coffee

Whether you want to enjoy an espresso or a long coffee, your favourites are accessible at the touch of a button

Adjustable grinder

5 adjustable grinding preferences, from the finest for a full-bodied espresso to the coarsest for a lighter café crème.

Auto coffee circuit cleaning

This feature makes sure that each and every coffee is as fresh as possible: Before going into and when returning from stand-by mode, the machine automatically cleans its coffee circuit.

One-click removable group

The brewing group – a Saeco invention - is the heart of our machines, ensuring that the machine makes everything on its own. Thanks to its easy access, you can effortlessly remove it for regular cleaning with just one click.

Colour coded user interface

Easy and intuitive interactions thanks to the combination of LED and buttons — this interface directly communicates the key operating messages.

Ergonomic day to day

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments of the full automatic coffee machine are directly accessible.
